

BOARD OF MANAGEMENT – MULTAN INDUSTRIAL ESTATE

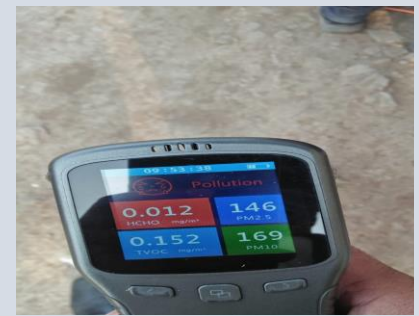

Clean Green Environmental Campaign

According to Prime minister clean and green vision and on the direction of Honorable President BOM-MIE, it is requested to all respected residents to comply following in order to accomplishment the Clean and Green Environmental Campaign;

Ensure cyclone system and wet scrubbers to reduce smoke. Do not use plastic and used clothes in boilers. Dump solid waste in an appropriate way out side the industrial estate premises. Treat waste water prior to disposal in to main sewer line. Do not burn solid waste in industrial estate premises. Maintain green belt in factory area. Get EPA NOC prior to construction of any new unit. Ensure plantation to reduce environmental pollution. Ensure fire safety measurements in factories.

*Riffat Hayat Lodhi
Environmental Officer BOM*

BOM-MIE conducted Environmental Monitoring of Chip Board & Paper Mills to analyze Air pollution level in Industrial Estate.
